## Handout: Showcase

This document showcases how easily pdf handouts can be generated from the same csv files used to create Moodle activities.

The process uses Rmarkdown files with embedded R functions.

The csv files can be found on <https://github.com/adrienmeli/moodle-showcase>.

The corrected versions can also easily be generated by simply switching a boolean variable, cf. Section 7.

### 1. From file 01-vocabulary.csv

*Insert the following words into the blanks below:*

- to allude to    • alongside    • a range    • idle    • wealth
- a root    • an evil    • to spark    • to uncover    • to damage
- a starvation    • consumption    • widespread    • to grip
- to depict    • thirst    • abstemious    • unquenchable
- decay    • insanity

1. la consommation ..... 9. répandu .....

2. une famine ..... 10. la folie .....

3. oisif ..... 11. abîmer .....

4. faire allusion à ..... 12. une racine .....

5. sobre (rare) ..... 13. révéler .....

6. un mal ..... 14. déclencher .....

7. la pourriture ..... 15. la richesse .....

8. saisir ..... 16. à côté de .....

17. la soif ..... 19. insatiable .....
18. une gamme de produits ..... 20. représenter .....

## 2. From file 05-showcase-duolingo.csv

Reorder the following words to make correct sentences.

1. ....

same are who created simple from create exercises may error these  
files

## 3. From file 03-beerginlane-conjugation.csv

- Beer Street and Gin Lane are two prints ..... in 1751 by British artist William Hogarth
  - doesn't issue
